This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

PREFACE

The Natural Reading is a combination of the sentence, word, and phonetic methods. Beginning with short sentences, which keenly interest the child, through the vividness of their content, it leads first to the recognition of the separate words, then to the recognition of the phonetic parts of these words, through a natural order of analysis. No diacritical marks or other artificial devices are used in the teaching of the phonetic parts. Continuing, this method gives the child power to read new words containing a recombination of these phonetic parts.

Definite instructions for the carrying on of the work by the teacher are given in the manual. The accompanying primer is the first book to be read by the children. It contains only the application of the work, as this work develops consistently under the guidance of the manual, all mechanical drill being reserved for the blackboard.

The principles developed in this manual were worked out in the Oakland School Department before being put into final shape. In this connection the author begs leave to acknowledge her indebtedness to Professor T. L. Heaton, Department of Education, University of California, for much direction in the preparation of this manual; to Professor Elwood P. Cubberley, Department of Education, Stanford University, for the initial encouragement which led to the undertaking of this work; and to Professor Henry Suzzallo, Lecturer in Education, Teachers College, Columbia University, for valuable criticisms on the method and material here presented.

APPENDIX

BLACKBOARD WORK ARRANGED FOR CYR'S PRIMER AND FIRST READER 67

INTRODUCTION

The Natural Reading aims to teach the youngest children to read by the natural method used by both children and adults,—the method of recognizing the sound of new words by their form similarity to those they already know.

The children are therefore taught a variety of sight words in groups of sentences, so as to make the words learned a real expression of thought.

These sight words contain, with sufficient repetition, the important phonetic parts that the child requires for the recognition of the new words to be found in the first five months' reading.

All the phonetic parts, as found in the consonants, are taught at the outset by natural phonic analysis of the sight words, and not by any merely artificial device. All the more important phonetic parts, as found in the sound groups, are also taught at the very beginning. Later, less important sound groups are introduced from time to time, as the expanding reading vocabulary of the children demands.

The method of development and drill is perfectly simple. The teacher has only one line of work to teach at a given time.

The different lines of work follow in perfect sequence, complete sets of material being provided at every point.

The steps in teaching beginners to read are as follows:

First Step. Sentence reading from blackboard.

Second Step. Separating the sentences into words.

Third Step. Separating the words into their phonetic parts (consonant sounds).

Fourth Step. Separating the words into their phonetic parts (sound groups).

Fifth Step. Recombining the derived phonetic parts into new words.

Sixth Step. Drill words and drill sentences.

Seventh Step. Teaching new phonetic parts (additional sound groups).

The following manual in three parts provides for one year's work, as follows:

Part I.	Preliminary Blackboard Work.	First half year.
Part II.	Blackboard Work and Primer.	
Part III.	Blackboard Work and Supplementary Reading.	Second half year.

PART I

PRELIMINARY BLACKBOARD WORK

FIRST HALF YEAR

PART I

DIRECTIONS

In teaching the Natural Reading, no material departure from the following plan should be made.

FIRST STEP. SENTENCE READING FROM BLACKBOARD

Prepare for these lessons by collecting the various objects mentioned in the reading sentences. If not able to get the toys, substitute pictures.

1. Take in your hand an object, for example, the top. Place upon the blackboard the sentence, *I have a top.*[1] Read the sentence to the children. Give the top to a child and let him read the sentence, while he places the pointer upon the blackboard sentence at the same time. Repeat with several children in turn.

Erase this sentence; take another object, the ball, and place upon the blackboard, *I have a ball.* Proceed as with the former sentence.

In this way teach in turn each sentence in the first group of the sight sentences on page 4, reviewing meanwhile all that have been presented. Have but one sentence at a time on the blackboard until each is learned. Then group the sentences in various ways and have them read, the child holding the object as he reads.

[1] The author prefers to use print only for these early blackboard reading lessons, but there is nothing in the arrangement of the book to prevent those teachers who wish from using script.

2. Place upon the blackboard the sentence, *I can run*, from the second group. Read it to the children. Let a child perform the action, and then read the sentence. Erase; write *I can jump*, and continue as with *I can run*. In this way complete the group of action sentences.

3. Each group of the sight sentences should be developed in a similar manner. Use colored crayon in teaching the color sentences.

NOTE. Action, object, and picture work should be utilized throughout the first year's instruction in reading, (1) to give the child the meaning of the reading, and (2) to give the teacher a means of testing whether or not the children have the meaning as they read. Especially can the illustrations in Primer and First Reader be used for these purposes. The teacher may even supplement the reading with other pictures.

Sight Sentences

I have a ball.
I have a top.
I have a box.
I have a doll.

I have a book.
I have a chair.
I have a cup.
I have a nut.

I can run.
I can jump.
I can play.
I can play with you.
I can catch a fish.

I can walk.
I can read.
I can sing.
I can sit in a chair.
I can make a cake.

I can catch you.

We have a horse.
We have a cow.
We have a dog.

We have a cat.
We have a kitten.
We have a hen.

We can make a cake.
We can play seesaw.
We can ride on the car.
I can read a book.
We can jump rope.
I can ride a horse.
I can catch a ball.
We can play ball.
We can play top.

Can you run?
Can you jump rope?
Can you jump?
Can you catch a fish?

I see a girl.
I see a violet.
I see the clock.
I see the sun.
I see a chair.
I see the nut.
I see the broom.
I see you.

I saw a ship.
I saw the moon.
I saw some ice.
I saw a kitten.
I saw papa.
We saw some cows.
I saw some ships.
I saw a nest.
I saw a bird.
I saw the car.
I saw a violet.
I saw a fish.
I saw the baby.
I saw you.
We saw some kittens.
We saw some violets.

A big dog.
A little baby.
A little fish.
A big cake.
A big cow.
A little kitten.
A big ship.
A big moon.
A big doll.
A little bird.
A little boy.
A little girl.

My kitten is little.
We have a little baby.
I see a big doll.
We have a big tree.
I am big.
My dog is big.
I saw a little fish.
I have a little box.
See the big clock.
Baby is little.

A green tree.	A yellow bird.	A black dog.
The red box.	The pink ball.	A white ship.
My red book.	The white cat.	The black kitten.
A green top.	A black horse.	The white cow.

I see a green tree.	See the red book.
We have a white horse.	I saw a white ship.
My kitten is white.	Have you a black cat?
Have you a red book?	Have you a pink ball?

Papa has a cane.	Mamma has a book.
Baby has a kitten.	Mamma has a bird.
Baby has a ball.	Papa has a horse.

Baby's kitten.	I see mamma's clock.	Papa's book.
Mamma's violet.	Papa's horse.	Baby's doll.
See baby's cat.	Mamma's chair.	This is baby's doll.
This is papa's cane.	See mamma's bird.	This is papa's dog.

A horse and a cow.	My dog is black and white.
A book and a cup.	A girl and a boy.
A tree and a bird.	Baby and her kitten.
Some trees and some violets.	Papa and baby.
The sun and the moon.	Baby and mamma.
A cat and some kittens.	The ball and the doll.

Some boys and some girls.

I love mamma.	I love papa.	I love you.
Mamma loves baby.		Papa loves baby.
Baby loves her kitten.		Baby loves her doll.

Put the ball on the chair.
Put the top in the box.
Put the violet by the book.
Put the cake with the ball.
Put the cane by the chair.
Put the nut in the box.
Grace has a pet cat.
Baby has a pet kitten.
Mamma has a pet bird.
Papa has a pet dog.
We have a horse.
Put the ball or the nut in the box.
Put the violet or the top with the ball.

Second Step. Separating the Sentences into Words

Place upon the blackboard in a vertical row several *I have* sentences. Let the children read them. Then erase *I have, I have, I have*, leaving *a ball, a top, a nut.* Then erase *a*, leaving the single word *ball, top, nut.* Retain these words for daily drill. Also place each one on a separate sheet of stiff paper to hold before the children, rearranging their order from day to day.

Again, place several *I have* sentences on the blackboard and erase *a ball, a book, a top*, leaving *I have, I have, I have.* It is well to retain this as it stands, *I have*, for daily review, in addition to placing the separate words *I* and *have* in the list of words.

Continue in this way until the list of sight words[1] is complete.

It is important that these words be so thoroughly learned that there can be no hesitation nor doubt, for upon the child's recognition of these words depend the ease and success of the next step,—the derivation of phonetic parts. The child will have no difficulty in retaining these phonetic parts if he knows *definitely* the words from which they are derived.

[1] See page 8.

Sight Words

am	catch	nest	or	a
and	doll	nut	violet	baby
ball	dog	on	walk	have
book	fish	pink	yellow	has
box	girl	pet	ship	I
boy	hen	rope	chair	is
bird	horse	run	white	love
big	her	read	this	mamma
by	in	ride	broom	papa
cat	ice	red	black	put
cane	jump	sun	clock	some
cake	kitten	see	Grace	the
car	little	saw	green	we
cup	moon	sit	play	with
cow	make	sing	tree	you
can	my	top		

Third Step. Separating the Words into their Phonetic Parts (consonant sounds)

1. Place on the blackboard the word *sun*. As the children watch your lips, pronounce the word *sun*, prolonging slightly and making prominent the sound *s*.

Have the children tell what sound comes first in speaking the word.

Erase *un* from the word on the blackboard, leaving only *s*, and let the children make the sound.

Place *sing* on the blackboard, proceed as with *sun*, erasing *ing* and leaving only the sound *s*.

Continue with *see*, *saw*, and *sit*, erasing *ee*, *aw*, and *it*.

2. Write the word *run*. Pronounce as the children watch, making prominent the sound *r*. Erase *un*, leaving *r*, and give *rope*, *read*, *ride*, *red*, one at a time, erasing *ope*, *ead*, *ide*, *ed*.

The danger lies in giving to these separate consonant elements sounds which they do not possess. Properly speaking, some of them have no sound until followed by another letter, usually a vowel. When given alone they should be expressed by a breath only, with lips and tongue in position.

No loud explosive sound should be permitted.

Continue the plan of teaching the consonant sounds in the following order.

c	in cat, cane, cake, car, cup, cow, can, catch	j	in jump
b	" ball, book, box, boy, bird, by, big	v	" violet
m	" moon, make, my	w	" walk
h	" hen, horse, her	y	" yellow
t	" top	sh	" ship
d	" doll, dog	ch	" chair
n	" nest, nut	wh	" white
p	" pink, pet	th	" this
f	" fish	bl	" black
g	" girl	br	" broom
l	" little	cl	" clock
k	" kitten	gr	" green
		pl	" play
		tr	" tree

Fourth Step. Separating Words into their Phonetic Parts (sound groups)

Place upon the blackboard the word *sun*. Erase *s*, leaving *un*. Tell the children what it is, and let them pronounce it. This phonetic part must remain as it is, — *un*; it must not be separated further into *u* and *n*. Repeat with *run*, separating it into *r* and *un*.

Write *cake;* erase *c*, leaving *ake*. Tell the children *ake*, and do not separate further. Repeat with *make*, separating it into *m* and *ake*.

Retain these new phonetic parts, *un* and *ake*, for daily drill.

Continue with the following sight words, erasing the initial consonants and retaining the part that remains as a phonetic part.

*s*un	*c*ane	*p*ink	*cl*ock
*c*ake	*m*oon	*p*et	*Gr*ace
*b*all	*r*ide	*d*og	*pl*ay
*b*ook	*s*ee	*c*ar	*b*ird
*b*ig	*s*aw	*b*ox	*r*ead
*c*at	*c*an	*s*ing	am
*c*up	*f*ish	*t*op	and
*c*ow	*h*er	*s*it	in
*c*atch	*b*oy	*sh*ip	or
*n*ut	*h*en	*wh*ite	ice
*n*est	*r*ope	*br*oom	on
*w*alk	*r*ed	*bl*ack	is

In addition give the words *am*, *and*, *in*, *or*, *ice*, *on*, *is*, as they stand, which gives the list of phonetic parts found on the following page.

The remaining words in the original sight-word list are not to be analyzed into phonetic parts. They must be retained and drilled upon as pure sight words.

Phonetic Parts of Sight Words[1]

b	s	pl	alk	ink	ace
c	t	tr	ane	et	ay
d	v	un	oon	og	ird
f	w	ake	ide	ar	ir
g	y	all	ee	ox	ead
h	ch	ook	aw	ing	ea
j	sh	ig	an	op	am
k	wh	at	ish	it	and
l	th	up	er	ip	in
m	br	ow	oy	ite	or
n	bl	atch	en	oom	ice
p	cl	ut	ope	ack	on
r	gr	est	ed	ock	is

Fifth Step. Recombining the Derived Phonetic Parts into New Words

Place upon the blackboard the new word *say*. Pronounce the word *say*, making plain to the child the result of the new blending or combining of the phonetic parts, without making any more of an artificial separation than is necessary to help the child over this new step.

[1] Capital letters, or rather the capital forms of the consonant sounds, may be introduced gradually as there is need for them in proper names or at beginnings of sentences.

Write *soon*, and show in like manner the recombination of the phonetic parts. Continue, taking one word at a time, with *sir*, *side*, *sand*, *sink*, *sat*, *sup*, *set*, *sack*.

Then continue with the words in the first list, beginning on this page.

The success of this exercise lies in the child's ability to promptly pronounce the separate phonetic parts. There must be absolutely no uncertainty, no guessing.

Ability to read new words containing familiar phonetic parts will come with practice.

This work must all be under the direct supervision of the teacher.

Sixth Step. Drill Words and Drill Sentences

As the child gains facility in reading new words, use these words in sentences.

Many teachers prefer to make their own drill words and sentences. For the convenience of those teachers who do not, sets of drill words and sentences are provided.

During the drill on the words in the drill lists, their meanings need not be discussed, the meanings being developed in drill sentences and Primer reading lessons.

Word Drill

sup	side	say	sir	rake	run	ring
sat	see	sand	rook	ran	rope	rip
sake	saw	sea	Roy	rut	red	race

Sentence Drill

Papa has a gun.
I can bake a cake.
Baby has a ring.
My room is little.
See the bee.
Papa is tall.
Let me bat the ball.
Have you a bat?
I have a bat and a ball.
We saw some white mice.
Baby has a toy kitten.
Jump on the hay.
We have some jam.
I like cake and jam.
Can you cook?
That man is tall.
Put the rice in the box.
We have a hatrack.
See the jar of jam.
Jip is my dog.
Jip is black and white.
Baby sat in papa's chair.
Make a bow.
Jack can run.
Poll can mock the dog.
Cut the cake and make some tea.
Make some tea for mamma.
Look at my book.
See my beads.
This is my best doll.
Run in the hall.
Get the fishhook and catch a fish.
Have you a pin?
We saw the sun set.
Roy can saw.
Put the hat on the hatrack.
Sit on the log.
Nat can catch a fish.

[1] The word *to* is a new sight word on page 24 of the Primer.

[2] The word *go* is a new sight word on page 28 of the Primer. After it is taught as a sight word it can be followed by *so*, *no*, *ho*.

Have you a rake?
Get the dish of rice.
I saw a horse balk.
Baby can hide in the hay.
See the nice dish of rice.
Sam is a tall boy.
How far can you jump?
Mamma has a lace fan.
Call the dog.
Run a race with me.
Sit on the mat.
Rock-a-by baby.
See my tin cup.
The sun sets in the west.
Can you win the race?
We can get up on the shed.
Let's play tin shop.
I have some red chalk.
See my little whip.
I have a pink hat.
This room is wide.
We saw some clams.
Get some clay and make a clay ball.
See the little brook.
Have you some blocks?
Look at the kitten's claws.
Papa can plow.
That horse is balking.
Mamma is calling you.
Ned is catching some fish.
Mamma is resting.
Grace is rocking the baby.
Baby is talking to her kitten.
Papa is reading his book.
The kitten is fatter than the big cat.
My papa is the tallest.
We have some rice for supper.
Baby has cunning hands.
Grace has a third reader.
My bird is a singer.
Baby patted papa's horse.
We rested on the hay.
Mamma is sitting in the sand.
Sam is running a race.
Sister[1] is cutting the cake.
My sister is taller than I am.
Get some butter for dinner.
Baby is fanning her kitten.
See the boys running a race.
The big cat is sitting in the sun.
Baby is playing catch fish in the brook.

[1] The child has learned the word *is* and not the sound group *is* (sharp *s*). Therefore he will, perhaps, read the new word "sister" (*z* sound), but the meaning of the word should give him the correct pronunciation. See note on variable sound groups, page 26.

Seventh Step. Teaching New Phonetic Parts (additional sound groups)

At this stage the child has become accustomed to dealing with the abstract parts of words; therefore new phonetic parts can now be introduced as they stand, as parts of words to be used later in combining into new words, without analyzing each new phonetic part from some word which must first be learned as a sight word.

When a new phonetic part is introduced its name must be told to the child, just as the name of any new sight word is told him.

Place upon the blackboard at
an
am

sound groups which the child has already learned. Place with these the new sound group *ag*, and tell the child what it is, pronouncing it as a whole, *ag*. The resemblance to the familiar *at*, *an*, *am* enables him to grasp and to remember the new *ag* without much difficulty.

To this list, at
an
am
ag

add, one at a time, the new sound groups *ap*, *ad*, *ax*, telling the child the name of each in turn.

When these are learned, add them to the stock of cards for daily drill.

In the same way place upon the blackboard

ot
op
og
on
ox

sound groups which the child has already learned.

Add, one at a time, the new sound groups *ot*, *od*, telling the child the name of each, and continue as with the previous set, *ag*, *ad*, etc.

In this way take in
it
ip
ig

sound groups which the child has already learned, and add, one at a time, the new sound groups *im*, *ix*, *id*.

Take un
up
ut

sound groups which the child has already learned, and add, one at a time, *ug*, *um*, *ud*, *ub*.

Take et
en
ed

sound groups which the child has already learned, and add *eg*.

As these new phonetic parts are taught, add them to the list of phonetic parts for daily drill.

Follow with the word drill and sentence drill given in Part II, page 23, continuing the work as the children read the Primer.

PART II

BLACKBOARD WORK AND PRIMER

FIRST HALF YEAR

PART II

DIRECTIONS

Part I completes the preliminary blackboard work. The children are now ready to read through page 36 of the Primer.

The blackboard work in Part II consists of the development of additional sound groups, with material for word drill and sentence drill, and is a continuation of the work given in the seventh step of Part I.

This blackboard work should be given along with the reading of the Primer, as indicated in the following pages.

The first twenty-two pages of the Primer contain the original sight words only. Beginning with page 23, new words are added on every page, these words being of two classes: (1) phonetic words, and (2) new sight words.

1. *Phonetic words.* These the child should be able to read without assistance, if the blackboard drill has been systematically carried on.

2. The *new sight words* should be told to the child. They occur on the following pages.

Page 24	come	**Page 28**	go	**Page 29**	do
	here		want	**30**	goes
	to		like	**32**	over
25	O	**29**	Poll	**34**	don't
	of		pretty		does n't

Page 38	went	Page 56	what	Page 70	woman
39	they	58	old	73	there
40	too		good		gone
47	pussy	59	again	74	school
49	one		another		pony
50	hear	60	full	80	great
51	could	61	where	85	any
52	down		been	87	water
54	was	63	tied	98	caught
55	said	65	their	101	very
	our	67	tried		

NOTE. Such words as *three*, page 39, *eat*, page 50, *why*, page 62, are phonetic words containing only familiar phonetic parts, although they precede their regular phonetic lists. The child will probably easily read them as they occur in their sentences; therefore they need not be taught as sight words.

Papa is fixing the ladder.

We have a plum tree.
Get me a blotter.
My sister can get the dinner.
My kitten ran up the ladder.
My bud is the reddest.
We saw some clams.

Develop new sound groups, as follows:

Place upon the blackboard *ack* and *atch*, which the child already knows. Add to these the remaining sound groups in column 1, *telling* the child what they are. Repeat with columns 2, 3, 4, 5. This process of development should be used whenever new sound groups are to be taught.

The attention of the child should not be called to the single vowel sound. It is enough for him to know that *at* is *at*, and *ate* is *ate*, as a whole. He must always deal with them as wholes.

Variable sound groups. When a sound group has different sounds in different words, the child must be trained to judge which one is used by the meaning of the sentence in which it occurs. Example:

The wind blew the tree down.
Will you wind up this string?

Came down too soon,
To ask his way to Norwich.
The man in the south
Burnt his mouth,
Eating cold plum porridge.

PART III

BLACKBOARD WORK

AND

SUPPLEMENTARY READING

SECOND HALF YEAR

Part III

DIRECTIONS

The blackboard work in Part III consists of the development of additional sound groups, with material for word drill and sentence drill, and is a continuation of the work given in Part II.

This blackboard work is designed for use with any reader intended for the second half year of school. The work here outlined extends the power of the child to read phonetic words. Such new sight words as the child may meet in any reader should be told him.

Sing, sing, what shall I sing?

The cat ran away with the pudding bag string.

Ruth is a little girl who lives in our neighborhood.

Puss likes to sleep on mamma's nice soft cushion.

I have some rosebushes in my garden.

Your writing is improving every day.

Do you like prunes?

Please spread some jelly on my bread.

Can you thread mamma's needle for her?

Here is a nice basket of fruit for grandma.

The grass needs cutting. Can you run the lawn mower?

Mamma has a ruby in her ring. What color is a ruby?

APPENDIX

BLACKBOARD WORK

ARRANGED FOR

CYR'S PRIMER AND FIRST READER

APPENDIX

THE APPLICATION OF THE NATURAL READING METHOD TO THE CYR READERS

The method here presented is the same as that given in the preceding pages of this Manual. The arrangement differs, in part, through following the order of words found in the Cyr Primer.

For clearness and for convenience in using the method with this set of words, the detailed directions which are given in Part I of this Manual are repeated.

FIRST STEP. THE SENTENCE

Blackboard Reading

Note. The words used in these sentences arranged for preliminary blackboard work are those found in the first twenty pages of the Cyr Primer.

Call a child to the front and ask him to run across the room. Then place upon the blackboard the sentence

I can run

and read it to the child. The child may then read the sentence, as a whole, slipping the pointer across the entire sentence and not stopping at the separate words. Repeat with several children in turn.

Erase this sentence, place upon the blackboard

I can catch you

and proceed as with the former sentence.

In this way, teach in turn several "action" sentences, reviewing meanwhile all that have been presented. At first have but one sentence at a time on the blackboard until there is no longer danger of confusion.

Action sentences:

I can run.
I can catch you.
I can play.
I can sing.
I can feed my kitty.
I can fly like a bird.
I can ride a horse.

Again, place in a group several objects and ask a child to select one. As he holds it (a book, for example), place upon the blackboard the sentence,

I have a book.

Read it to the child, and let him read it. Erase this sentence, permit another child to choose an object, and continue as follows:

I have a doll.
I have a bird.
I have a nest.
I have a slate.
I have a horse.
I have a cow.
I have a kitty.

Use toy or picture bird, cow, etc.

With the same group of objects, follow with the sentences,

Take the book.
Take the doll.
Take the nest, etc.
Look for the slate.
Look for the kitty, etc.

Continue introducing short sentences, using the words in the list on page 73. At this early stage a sentence containing a *new* word must first be read to the child.

Whatever plan is used, each sentence presented should be interesting from the *child's* point of view. It is better to tell the whole story in one sentence and have it strong, as, —

My papa has a new gun,

than to dilute it and spread it through many weak sentences, as, —

See my papa.
See the gun.

I see my papa.
I see the gun.

It is papa's gun.
It is a new gun.

Nonsense jingles are always well received, and many needed words may be introduced in this way which would not lend themselves readily to good vital sentences.

Run, run, run,
Oh, see the fun!

Here we go
All in a row.

Hip, hip, hop,
Do not stop.

SECOND STEP. THE WORD

Blackboard Reading — *Continued*

Place upon the blackboard a group of sentences, which the children know how to read, as :

I have a book.
I have a cow.
I have a nest.
I have a slate.

Let the children read them.

As the children watch, erase

I have, I have, I have, I have,

leaving

a book.
a cow.
a nest.
a slate.

Have the children tell what remains. Then erase *a, a, a, a,* leaving the single word

book.
cow.
nest.
slate.

Retain these words for daily drill, rearranging their order from day to day.

Again, place upon the blackboard the same group of sentences, and as the children watch, erase *a book, a cow, a nest, a slate,* retaining

I have.
I have.
I have.
I have.

Erase *I,* retaining *have,* and add *I* and *have* to the list of words for daily drill.

NOTE. To economize time, the daily word drill may be a concert exercise. The danger in concert work is that a few children lead; the others follow and derive very little benefit. This difficulty may be overcome by permitting the leaders to stop reciting, as they seem to know the words, thus throwing the responsibility upon the weaker ones and giving the drill where it is most needed.

In this way, give the sentences,

I can run.
I can play.
I can sing, etc.

Erase *I can, I can, I can,* leaving

run.
play.
sing.

Continue until the list of sight words below is complete.

It is important that these words be so thoroughly learned that there can be no hesitation nor doubt, for upon the absolute certainty of the child's recognition of these words depends the ease and success of the next step.

At this stage the three lines of daily work are:

1. Drill on the separate words for rapidity and accuracy in recognizing, regardless of meaning.
2. Sentences giving a new arrangement of these words.
3. New sentences introduced as the former ones were, these sentences containing new words. They must be told the child outright — and told him again if he does not remember them. There must be no *guessing* nor *puzzling,* for as yet the child cannot be expected to have a clew to the new words.

WORDS FROM PRIMER PAGES 1–21

a	do	I	nest	see
am	feed	kitty	on	take[1]
at	for	little	oh	tree
and	fly	look	papa	the
book	go	like	pretty	to
bird	give	mamma	play	you
baby	horse	my	run	your
big	have	me	ride	yes
can	has	mouse	sing[1]	Alice
catch	is	mice	sew	John
cow	in	may	school	Willie
doll	it	milk	slate	

[1] The words *sing* and *take* occur later in the Primer, not in the first twenty pages, but they are added here for use in the next step.

THIRD STEP. PHONETIC PARTS OF WORDS

Blackboard Reading — *Continued*

1. Place upon the blackboard the word *sing*. As the children watch your lips, pronounce the word *sing*, prolonging slightly and making prominent the initial sound *s*. Have the children tell what sound comes first in speaking the word *sing*, or rather, ask them to show how they would *begin* to say the word *sing*.

Erase *ing*, leaving only *s*.

Place *see* on the blackboard, and proceed as with *sing*, — erasing *ee*, leaving only *s*.

Write the word *mice*. Pronounce, making prominent the sound *m*. Erase *ice*, leaving *m* ; continue with *may*, *mouse*, *milk*, erasing *ay*, *ouse*, *ilk*.

Continue this plan and teach the consonant sounds from the following words.

b—book
bird
big
c—can
catch
cow
d—doll
f—feed
for
g—go
h—horse
J—John
k—kitty
l—little
look
like
m—mice
may
milk
mouse
n—nest
p—papa
r—run
ride
s—sing
see
t—take
W—Willie
y—yes

The initial *v* occurs for the first time in Primer, page 68, *very*. Therefore it may be taught later. The initial *z* being so uncommon, it may be omitted at this point.

Drill on these consonants, as separate sounds should be *discontinued* as soon as the drill begins in reading lists of words in which they are constantly repeated. See Fourth Step.

2. Again, place upon the blackboard the word *sing*. Erase *s*, leaving *ing*. Tell the children what it is, and let them pronounce it. This must remain as it is, *ing*, no attention being called to the separate letters.

Continue with the following sight words, erasing the initial consonants and retaining the part that remains as a phonetic part or sound group.

sing	play	big
see	may	ride
tree	bird	feed
can	nest	cow
book	run	for
look	mice	take
slate	catch	

From these words obtain

ing	ird[1]	ide
ee	est	eed
an	un	ow
ook	ice	or
ate	atch	ake
ay	ig	

To which add *am*, *at*, *and*, *it*, *in*, from the word list.

The remaining words in the list are to be retained as pure sight words. There are not a sufficient number of words that resemble them in sound to make them useful as phonetic foundations.

[1] Retain sound group *ir*, not necessarily *ird*. Words containing *ir* plus consonant (*ird*, *irt*, *irm*, etc.) are given in a later group. See pages 44–45.

This completes the *preliminary* blackboard reading. It will take probably from six to eight weeks.

At this point the child may begin reading the Primer, while blackboard reading is still carried on.

As soon as a word has been resolved into its phonetic parts, it may be dropped from the list of sight words, the drill being given to the phonetic parts only.

FOURTH STEP. RECOMBINATION OF PHONETIC PARTS, FORMING NEW WORDS

Lines of Work

Time, about four weeks

1. Read Primer to page 21.
2. New sight words from Primer, pages 21–40.
3. Recombining phonetic parts into new words.
   Blackboard sentences containing these new words.

Place upon the blackboard the following new words.

sun
say
sand
sit
sake
side
seed
sat

Pronounce the words slowly and very clearly, making plain to the child the result of the new blending or combining of the familiar phonetic parts without making any more of an artificial separation than is necessary to help the child over this new step. The word is not *s-un*, nor *s . . . . . un*, it is *sun;* and to make a pause between the two parts instead of blending at once puts a stumbling-block in the way.

The success of this exercise lies in the child's ability to pronounce promptly the separate phonetic parts. There must be no uncertainty, no guessing.

Continue with

man
mate
match
mat
make

reading them as before and having the child read them several times.

Then continue with the following words. They need not all be read to the child. He should soon show ability to combine the phonetic parts and read new words for himself.

Word Drill

sun	rest	lit	hat	dig	bin	rings
say	rice	latch	hide	day	jam	rests
sand	ran	lay	hatch	date	jig	fans
sit	rake	lake	hay	Dan	pat	hands
sake	ride	land	hit	Kate	pig	cooking
side	ray	late	how	kit	patch	resting
sing	ram	Lee	hook	king	pay	singing
seed	ring	nest	ham	bat	pin	saying
see	run	now	hand	best	pan	feeding
sat	fat	nice	cat	big	wake	running
Sam	fig	need	cake	book	west	digging
man	fun	nor	can	band	wing	winning
mate	feed	Nan	catch	bee	wide	patting
match	fan	Nat	cook	bird	win	cunning
make	fit	tin	cow	bow	way	
mice	fin	take	gun	bake	wee	
mat	for	tan	gate	bay	wig	
may	look	tide	gay	bit	weed	
rat	lest	took	deed	bun	runs	

Sentence Drill[1]

Run, run, run,
Oh, see the fun !
We have a big fig tree.
Do you like figs ?
I can ride on papa's horse.
Baby likes to play in the sand.
Can you make a cake ?
I can take the baby and mamma can rest.
Can you cook ?
Bake a cake for papa.
I ran to school.
My papa has a gun.
I can play in the hay.
Baby took a ride on papa's horse.
Baby has cunning little hands.
Baby can play pat-a-cake.
A wee, wee bird,
In a wee, wee nest.
Make a bow.
The little mouse bit my cake.
See the bee.
Baby feeds the birds.
Pat papa's horse.
Nan is digging in the sand.
Do you like to dig in the sand ?
Latch the gate.
Do you like jam ?
I like cake and jam.

Words from Primer, Pages 21–40

Note. In each advanced set of words from the Primer there are some that it will not be necessary to teach as sight words, since they contain sound groups previously taught. The child should be able to read these words.

Words that do not fall under any phonetic classification — *been, want, what,* etc. — should be retained as sight words.

The words given are selected because of their usefulness in further phonetic drill.

glad	let	did	not	nut	little
thank	get	will	got	up	
Grace	Ned	think	rose		
gave	her	wish	boat		
pail		time			
		white			

[1] See page 12.

Phonetic Parts

ad	et	id	ot	ut	tle
ank	ed	ill	ose	up	
ace	er	ink	oat		
ave		ish			
ail		ime			
		ite			

Also : sh — she
wh — white
th[1] — them, that
th — thank.

LINES OF WORK

Time, about two weeks
- Read Primer to page 41.
- New words from Primer, pages 41–60.
- Phonetic parts of these words.
- Continue recombining, forming new words.

Word Drill

sad	sailing	rail	net	letting	but
set	saddest	railing	netting	lad	boat
sets	mad	rose	not	lace	bill
setting	met	fed	nail	link	had
sup	mill	fill	nails	led	hail
sank	mills	filling	nailing	lime	hailing
sill	mink	face	nose	lid	hid
save	mail	fish	nut	bad	her
sink	mailing	fishes	nuts	bit	hill
sinking	race	fishing	Ned	bank	hills
sail	rill	fail	let	bed	hot
sails	red	failing	lets	bite	hose

[1] See note on variable sound groups, page 26.

hut	cups	wet	thinner	shook	thinking	glide
did	cot	will	better	shake	slate	Grace
dish	kid	wave	fatter	shave	slam	grand
dishes	kill	wedding	bitter	shed	slammed	gray
dime	kite	wink	fisher	shot	slit	grin
get	jet	winking	fisherman	shut	slice	grit
getting	Jill	wish	hatchet	shutting	slide	little
gave	pet	wishing	rested	shutter	slid	battle
got	petting	supper	needed	those	slat	rattle
goat	pup	dinner	landed	than	sled	settle
goats	pave	butter	handed	thin	play	bottle
cut	pail	singer	looked	thinner	plan	nettle
cutting	pot	ladder	fanned	thinnest	plate	kettle
cave	tank	hatter	cooked	thing	plow	
coat	time	hammer	patched	thank	plank	
coats	tail	catcher	pinned	thanking	place	
cup	Ted	letter	matched	think	glad	

Sentence Drill

Let 's go for a sail in my boat.
We can sail on the lake.
My doll has a lace hat.
We have a pet goat.
Have you a bank ?
Baby has a little red tin pail.
I have a tin cup.
A nice little fish,
In a nice little dish.
Let 's go fishing. We can go in my boat.
Cut the cake and make the tea.
This pretty cup is for you.
See the pretty red rose.
I fed the little fish.
Let 's run a race.
Ted has a kite.
I am a fisherman. I can catch fish.
Mamma can cook the fish for supper.
Have you a sled ?
I have a little hatchet.
It is dinner time now.
Baby can say, " Thank you."
Jill is my gray kitty.

Baby has a little plate.
Let's cut a slice of cake for baby's plate.
I have a dime in my bank.
Can you mail the letter for mamma?
I wish that I had a hammer and some nails.

Words from Primer, Pages 41–60

cap	sleep	him	dog	must
back	dear	swim	hope	
name			gold	
saw			told	
			cold	
			good	
			soon	
			out	
			found	
			south	

Phonetic Parts

ap	eep	im	og	ust
ack	ear		ope	
ame			old	
aw			ood	
			oon	
			out	
		[1]ou	ound	
			outh	

Lines of Work

Time, about two weeks:
- Read Primer to page 61.
- New words from Primer, pages 61–80.
- Phonetic parts of these words.
- Continue recombining.

[1] See page 82.

Word Drill

moon	found	cold	hope	shearing
must	folded	colder	hold	shuttle
mold	folding	coldest	holding	thaw
mouth	fold	came	Jim	whack
molding	nap	dear	just	slack
molded	name	deep	jaw	sleep
mound	noon	deeper	Jack	slim
map	near	deepest	jacket	slope
Mack	tap	dim	keep	swing
rap	tapping	dog	keeping	swinging
rust	tapped	dust	lap	sweep
rusted	tack	dusted	log	swim
rack	tacked	duster	lame	swimming
racked	tacking	dusting	law	free
racket	tame	dame	peep	Fred
raw	tear	dearest	peeping	frame
rope	told	deep	peeped	frog
round	timid	game	pack	flat
sap	back	gold	packed	flatter
sack	backing	gust	packing	flake
sawing	backed	good	pound	flit
soon	bold	him	paw	float
sold	bolder	hog	wood	floating
same	boldest	hack	weep	flap
fog	bound	hear	year	flame
fear	cap	hearing	sheep	

NOTE. Words containing *ou* + consonant (*out, our, ound,* etc.) and *ow* + consonant are given on page 46. For *ook*, *ood*, and *oon* words see page 49.

These words may all be read, omitting, at this point, words ending in suffixes *ness, ain, el.*

Sentence Drill

I saw the moon.
My kitty is tame.
Have you a rope?
I sold my old sled. Now I can have a red sled.
I saw papa shearing the sheep.
Baby likes to dust for mamma.
She has a little duster.
I can sweep.
I have a little gray squirrel. It is tame now.
I can sing, "Sleep, baby, sleep."
We can have a picnic in the woods. We can make a swing. I have a rope.
Can you swim in the lake?
Can you swim where it is deep?
It is cold to-day. Where is my coat?
Baby has a little gold ring.
See the pretty white boat floating on the lake.
Papa is sawing the wood. I like to saw.
Baby had a nap.
My dog's name is Jack.
My kitty's name is Jill.
Where is my cap?
Let 's play a game. Let 's play seesaw.
My hammer can go "rap-a-tap-tap."

Words from Primer, Pages 61–80

made	hen	pick	corn	duck
barn	when	sick		
farm	eat	find		
all	tea			

Phonetic Parts

ade	en	ick	orn	uck
ar: arn, arm	eat	ind[1]		
	ea			
	all			

From *very*, initial consonant *v*.

[1] See note on variable sound groups, page 26.

Lines of Work

Time, about two weeks:
- Read Primer to page 81.
- New words from Primer, pages 81–102.
- Phonetic parts of these words.
- Continue recombining.

Word Drill

made	sick	beat	hen	shade
men	sea	ball	hind	then
morn	sickest	call	heat	thick
morning	seat	caller	kick	when
meat	suck	calling	kinder	pluck
mind	ten	called	kindest	grade
fade	tick	corn	pen	grind
farm	ticket	den	pick	drake
fall	tall	Dick	picking	drank
falls	tea	duck	wall	drill
falling	luck	ducks	wick	drink
find	Ben	horn	wicked	draw
finding	barn	harm	wade	vest
rind	born	hall	wind	golden

Also, select words containing

ee + consonant, *ea* + c., pages 38–39,
or + c., page 47,
ar and *ar* + c., page 43,

omitting words ending in *less* and *ness*.

Sentence Drill

I see ten men.
Dick has a pet goat.
I fed the little ducks.
We made a big sand hill.

Let 's help mamma. We can set the table. Get the cups and saucers. Where are the plates?
Mamma is calling me.

Let 's play ball. I have a bat and a ball.
Do you like to wade in the bay?
My doll ate her cake and drank her tea. Now we can wash the dishes.
How tall is the baby? I am taller than baby.
I have some hens and some ducks.
My hens like corn.
My ducks like corn, too. I fed them all.
Baby likes to say, "Good morning" to papa. She can say, "How do you do?"
I saw some cunning little ducks.
My grandpa is a farmer.
Draw a bucket of water.
The sun is very hot to-day.
Let 's play in the shade of this big tree.

WORDS FROM PRIMER, PAGES 81–102

dress	nine	nod	hurt
	night	rock	
		long	
		room	
		snow	
		show	

Phonetic Parts

ess	ine	od	urt
	ight	ock	
		ong	
		[1] oom	
		ow (ō)	

From *cheese, ch.*

LINES OF WORK

Time, about two weeks
- Read Primer to page 102.
- Complete sound groups.
- Continue recombining.

[1] See page 49.

Word Drill

song	mow	locket	pod	sting
sight	fine	longest	pocket	still
right	fight	Bess	goodness	stack
rod	fur	bow	chat	stall
rocking	night	tight	chest	stick
rocket	nodding	tar	chin	snail
rocker	lesson	car	chill	snap
rocked	line	cod	chime	seedless
mine	light	dine	chick	sadness
might	lighter	dock	chicken	gladness
mock	locked	gong	clock	
mocking	locking	Jess	stand	
mocked	longer	pine	stay	

Also, select words containing

er + c., *ir* + c., *ur* + c., page 44.
ow (*ō*), page 49.
oa + c., page 40.
ai + c., page 36.

Sentence Drill

We have some little chickens.
See the girls all standing in a row.
I saw a mocking bird. It mocked our cat.
My grandpa has some beehives. The bees do not sting me.
We are going up to the pine trees on that steep hill.
We have five little white mice. We feed them cheese.
Sing a song for baby. Sing "Rock-a-by, baby."
Baby can sing a song for papa.
This stick will make a good fishing rod.
My kitten has pretty white fur.
I know my lesson.
Will you dine with me to-day?
I saw a snail this morning.
Star light, star bright,
First star I've seen to-night.
I wish I may, I wish I might
Have this wish I wish to-night.

Sound Groups

In the following list are the sound groups obtained from the Primer. Those in italics are not found in the Primer, but are added here because of their importance.

Word Drill

The following sound groups are not found in Primer.

bag	hum	sage	choke	quail
bell	hug	sell	ship	queer
bug	hole	sip	shell	quick
cash	lash	tag	shop	queen
cage	mug	tell	shore	stripe
core	mole	tip	whip	stroke
Dash	Nell	tug	while	string
dip	page	wag	clash	spring
dipper	pug	woke	clip	sprang
dug	pole	wore	flag	spray
fell	rag	well	skip	splash
hang	rug	chip	smell	split
hash	sang	chop	smile	

FIRST HALF YEAR

Outline for Term

Time, six to eight weeks
- Blackboard reading: sentence, word, phonetic parts.
- Words from Primer, pages 1–20.
- Phonetic parts of these words.

Time, about four weeks
- Read Primer to page 21.
- New words from Primer, pages 21–40.
- Phonetic parts of words.
- Recombining to form new words.

Time, about two weeks
- Read Primer to page 41.
- New words from Primer, pages 41–60.
- Phonetic parts of words.
- Continue blending or recombining.

Time, about two weeks
- Read Primer to page 61.
- New words from Primer, pages 61–80.
- Phonetic parts of words.
- Continue recombining.

Time, about two weeks
- Read Primer to page 81.
- New words from Primer, pages 81–102.
- Phonetic parts of words.
- Continue recombining.

Time, about two weeks
- Read Primer to page 102.
- Complete phonetic lists.

NOTE. Time will be longer in schools where the teacher has many grades, but older pupils may be trained to do part of the drill work, thus shortening the time otherwise required.

SECOND HALF YEAR

LINES OF WORK

Read Cyr's First Reader.

Review sound groups given during first half year.

New words containing new sound groups, also prefixes and suffixes.

The phonetic drill given during the first half year will have been a preparation for reading Cyr's First Reader. More than half of the *new* words in the First Reader contain sound groups and consonant sounds previously drilled upon. The child should be able to read these words without further help.

The word drill is continued during the second half year, retaining for constant review the sound groups previously developed. By the same method obtain material for advanced phonetic drill, — new sound groups and analogous words. These should grow out of, or be closely allied to, the new words that occur in the First Reader.

For example, in the first twenty pages are found the words *bubble, meadow, yellow, donkey, honey, across, tiny, fence.* These may serve as bases for the following new word drills.

bubble	meadow	donkey	across	fence	tiny
ramble	yellow	monkey	around	hence	funny
scramble	shadow	honey	along	since	sunny
thimble	follow	money	about	mince	penny
mumble	willow	turkey	agree	bounce	downy

Complete word and sentence drill lists for this advanced work are given in Part III. From among these select first those that most closely follow the First Reader words. These are :

1. Words ending in *ble, tle, dle, cle, gle, fle, ple,* pages 32–33.
2. Words like *know, knew,* page 42.
3. Words ending in *ny, py, ly, ty, ey, ie,* pages 54–55.
4. Words ending in *ow,* page 59.
5. Words having prefix *a,* page 58.
6. Words having prefix *be,* pages 59–60.
7. Follow with page 53, and the remaining pages to the end.

This book should be returned to the Library on or before the last date stamped below.

A fine is incurred by retaining it beyond the specified time.

Please return promptly.
